Manitoba Drive  
Clareville, NL

Dear Rod & Team,

Now that I have settled into my house and things are just about done there. I am ready to call it a home. I really want to express to you Rod and your team of how pleased I am with my home.

From the time I started dealing with you in February, you have been very helpful and knowledgeable about the Clareville Real-estate market.

When I first thought about the move to Clareville, I called up my best friend, Google. I came across you and recognized you from our teenage years. It was a great treat to have connected with you and you made my decision to move and my transition very smooth.

You recommended a wonderful builder (Mike Vardy) to me and a great lot for which I could have him build my home on. You were always there to help with anything I needed. Sometimes even the things I didn't need but wanted.....lol. You were professional and I trusted you to have the home built for me in my absence.

I am in the house now and I love it. With you and your team at Remax and RI Contracting, I could not have made the move and transition so easily. Building a house from a distance is complicated but you did everything you could to help me out. We did just about all of it on email and text messaging which is always quick and helpful.

I appreciate you, your team and Mike going the extra mile for me day after day to get me in my home in a what seems to be a record time of 8 weeks.

If there is anything I can ever do for you and your team, please don't hesitate to let me know.

My thanks always,

Kim, Millie, Laverne, Shirley and Louie
